Josh - Thanks so much for this update -- appreciated, with the tight schedule. Also, is there anything in particular we should do to prepare for this afternoon's call with you? (I can't promise we can do it before the call due to other meetings -- but thought I'd ask!). Thanks, Anne

Subject: [EXTERNAL] Update

Hi Jay,

I just wanted to provide a quick update. So far it seems PPG will be submitting a revised FS on Monday June 8th. This will likely come in at the end of the day but I will forward it as soon as I receive it. Hopefully you and your team can provide a quick review of the FS, specifically the compliance average portion.

We updated our comments on the FS to incorporate our discussions from last week with PPG (see attached) and sent them to PPG. We noted which are NJDEP comments in the adjacent column in the version I am sending you. I let PPG know that they don't have use this updated set of comments, they can use the original as long as their response incorporates what we discussed.

Let me know if you have an questions.

Thanks,

Josh
